EDUCATION

VIT Bhopal University

B.Tech. in Computer Science and Engineering, Minor in E-Commerce

2022 – 2026

CGPA: 8.49 / 10

SOS Hermann Gmeiner School

Higher Secondary Certificate (HSC)

2021

Percentage: 89.6%

SOS Hermann Gmeiner School

Secondary School Certificate (SSC)

2019

Percentage: 88.4%

TECHNICAL SKILLS

Languages: Java, C++, Python, MySQL

Web Development: HTML, CSS, Tailwind CSS, React.js, Node.js, Express.js, MongoDB

Soft Skills: Problem-Solving, Team Collaboration, Time Management

Relevant Coursework: Data Structures, Computer Architecture, Computer Networks, Operating Systems, Object Oriented Programming, DBMS

Tools/Platforms: Git, GitHub, VS Code

PROJECTS

ShopEZ MERN E-Commerce (MongoDB, Express.js, React.js, Node.js, Redux Toolkit)

- Developed a full-stack e-commerce application using the MERN stack (MongoDB, Express, React, Node.js).
- Implemented user authentication and role-based authorization for customers and administrators.
- Enabled product browsing, filtering, ordering, and review functionalities.
- Designed an admin dashboard for managing products, orders, and users.
- Utilized MongoDB for scalable data storage.

Supply Chain Management

- Designed and developed a blockchain-based supply chain management system to ensure transparency, traceability, and security across the supply chain. The system allows stakeholders to track and verify the origin, movement and authenticity of products in real-time.
- Increased transparency and traceability in the supply chain, reducing fraud and errors by 40 %.
- Improved stakeholder trust and compliance with regulatory requirements through immutable and auditable records.

Email Alert System with Python & Raspberry Pi

- Developed an email alert system using Python and Gmail SMTP to send real-time notifications from a Raspberry Pi.
- Implemented secure email transmission using smtplib over SSL, with customizable subject and message body fields.
- Integrated the script with IoT-based systems (e.g., smart door) to trigger alerts based on specific sensor or camera inputs

EXTRACURRICULAR & ACHIEVEMENTS

Problem Solving Achievements

- Solved 150+ problems across LeetCode, GeeksforGeeks, and Codeforces.
- Consistently participated in coding contests and other competitive programming platforms

Leadership & Extracurricular

- Core member of FinTech Club– managed social media & outreach.
- Volunteered at the Foragers Event organized by the D2C Club
- Actively contributed to event planning, logistics coordination, and on-ground management.

CERTIFICATIONS

- Full Stack Developer MERN, Smart Bridge (Jan – Apr 2025)
- MongoDB Node.js, MongoDB (Apr 2025)
- Problem Solvers: Mastering Data Structures & Algorithms In JAVA (Jan – Apr 2025)
- Modelling & Analytics for Supply Chain Management, NPTEL (Jan – Apr 2024)
- HTML, CSS and JavaScript for Web Developers (Coursera) – Jan 2024
- Python Certification, Vityarthi Portal- (June 2023)
